

Volunteers To Recover Bodies In Fiery Volcano Pit

Strictly Disagree

It was a surprise for New York's Broadway and Park Avenue where Eleanor Post Hutton, society belle to \$500,000,000, over-rides family's wishes to marry Preston Strugers, playwright best known for his long-run comedy, "Strictly Dishonorable." Now their romance is at and, according to reports from Paris, where Strugers is said to have been coming with papers preliminary to a suit for annulment of the marriage. The picture shows them in happier days.

Perilous Descent In "House Everlasting Fire" Will Be Made Today

HILO, T. H., June 8.—In hopes to recover the bodies of William James and Margaret Knox from Halemauana, the "House of Everlasting Fire," police and volunteers yesterday gathered on the rim of the fire pit for a perilous descent into the crater of Kilauea. Officials of the Hawaiian National park frowned upon the attempt as impractical and dangerous but the volunteers expected to receive permission to lower themselves by rope into the volcano.

The bodies lie 900 feet beneath about fifty feet from a pool of boiling lava. Nurses leaped to the death with the body of the high school girl whom he had shot after she refused his love. Parents of both the boy and girl urged that the bodies be recovered. If they cannot be recovered, plans are to bury the bodies under a landslide by blasting in the form of a trench close to the rim of the crater, scanning the bodies with telescopes to effect a positive identification. Funeral services also would be held from the top of the crater.

GENE SARAZEN ASSUMES LEAD BRITISH OPEN

Turns in Card of 70-Three Others Tied for Second Place With 71's

SANDWICH, Eng. June 8.—Gene Sarazen, New York professional, today scored a 70 for the first round of the British open golf championship, to take the lead with most of the field.

Sarazen went along easily in the two qualifying rounds, led a 73-76 and then got "hot" today to break par by four strokes.

His score was one stroke better than those of Macdonald Smith, Charles Whitcombe and W. H. Davies, who were tied for the early lead.

Former Regina Brokers Given 3 Months Jail

REGINA, Sask. June 8.—J. J. Galloway and E. J. Cleary, guilty of three criminal charges in connection with the operation of a brokerage house bearing their names, must serve three months in jail. That was the sentence imposed at this morning by Mr. Justice Ryan.

The entire procedure was marked by a stirring appeal by P. M. Anderson, C. C. on behalf of Mr. Galloway and a personal plea for mercy lodged by Mr. Cleary himself.

Mr. Justice Ryan was presented with a petition of many pages bearing the names of more than 600 residents of Regina, recommending mercy. Mr. Justice Ryan said he was taking into consideration.

He felt that the physical punishment of the two men already sentenced to jail was sufficient. He, however, decided to impose a light sentence as a warning to the general public.

THIS is a small pair of routine crime news in one city. News: Benjamin Rosenbaum, owner of the "Edmonton Bulletin," was today sentenced to 30 days in jail for failing to pay taxes.

RAISONS D'ETRE DEMANDED BY SINO BANDITS

TODAY'S ODDEST NEWS

WIFE MAKES HUSBAND LIVE WITH FAMILY DOG

CHICAGO, June 8.—After three years of living in the gutter with his capers, arrived here on his way to the United States, where he expects to join his family at Oakland, Calif.

"I was threatened with death fifty times," he said, "never expected to survive. These half-civilized, inhuman bandits, who call themselves Communists, are conducting a wholesale kidnapping business."

ONE BULLET STRIKES MAN SEVEN TIMES

SAN ANTONIO, Tex. June 8.—V. F. Staudel believes he holds the record for getting shot. One bullet struck him seven times. As he climbed out of his automobile he was dropped his pistol, which discharged. The bullet struck the pavement and broke into seven pieces, all of which punctured Staudel in various places. None of the wounds was serious.

BOY KIDS DEPOSIT \$1,000 FINE

ATWATER, Minn. June 8.—George Swenson, 15, a farmer's son, was pretty thin when he brought his savings to the bank for deposit.

There was eighty-five pounds of money in the sack he lugged in on his back—\$1,000.

He had a clerk several hours to count and wrap them.

Eight Hundred Passengers Saved By Open Boats

LAGOS, Nigeria, June 8.—Eight hundred passengers in the Spanish steamer, Teide, took to the boats today when the vessel was wrecked off Fernando Po island, near the west coast of Africa. They were considered to be in extreme danger, for the vicinity is exposed to the full force of the Atlantic swell. Two British steamers were steaming to the rescue.

The Teide, formerly the German steamer, Creted, is of 3,629 gross tons. Its home port is Barcelona.

BEAVERBROOK SAYS EUROPE NEVER DISARM

Thinks it Likely U.S. May Cancel Debts on Consideration

NEW YORK, June 8.—Lord Beaverbrook, British newspaper proprietor, said today that he thought it extremely likely that the United States would be willing to cancel war debts in consideration of disarmament in Europe, but he added that Europe, and especially France, would never disarm.

He arrived from Montreal today and planned to sail for England tonight.

His comment on war debts and disarmament was inspired by an editorial printed in the London Evening Standard, one of his papers. The editorial suggested that perhaps an agreement between the United States and Europe offering cancellation for disarmament would be effected.

He was asked if his papers had any information to lead them to believe there was such an agreement. "I suppose," he replied, "anyway, it shows that my papers are active."

Settlers Prepare To Quit Houses

A roaring wall of fire, baffling flame, and brilliant lightning through the woods today about Mississauga and Lake St. John district of Quebec. Firefighters were struggling with canvas buckets and gasoline pumps. From Dolbeau came more encouraging news. The volunteers there, it was reported, had stemmed the advance of the flames with earthworks and trenches. Settlers along the fire front were preparing to evacuate. Men of the district were nearly all at work in the fire lines, fighting with little food and sleep in the homes they made in the woods.

Residents of northwestern Ontario and Quebec are battling against heavy odds today in their fight to extinguish the flames which are playing havoc with the wealthy northern hillside.

With no immediate sign of rain in store, volunteers and the regular contingent of fire-fighters in the head of the latest district battle day and night to expect to quell the flames which are gradually eating their way toward small villages.

Beaten down from McGonigle Beach, a summer resort 10 miles from Port Weller, stated that 2,000 of the district lie in the third path of the flames.

Numerous settlers' houses have been destroyed by the rapidly spreading flames in the lake Mississauga.

Meeting At Winnipeg Urges Establishment Of Clinics For Birth Control

LIMITATION OF FAMILY CIRCLE GIVEN PRAISE

Public Recognition of Problem Called for at Assembly

WINNIPEG, June 8.—Urging establishment of clinics and other methods for diffusion of scientific and reliable information on family limitation, a resolution in favor of public recognition of the social advantages of birth control was endorsed unanimously by 200 persons attending a public meeting here last night to discuss "family limitation and family welfare."

Dr. H. M. Speedy presided and the resolution followed an hour's discussion based on a paper on "Family Limitation and Family Welfare—A Long View," presented by Prof. V. M. Jackson, of the department of biology, Manitoba Agricultural college.

AVAILABLE INFORMATION

Before opening of discussion Mrs. W. F. Osborne explained the meeting had been called by a group of women who had concluded that birth control information should be available to all persons wishing to obtain it. Their reasons for urging it was sympathy for overburdened mothers and children born into homes where for economic or other reasons they had no opportunity for happiness.

Prof. Jackson declared that one had only to view the diminishing size of families to know birth control was being practiced and "we need not seek further for causes of war than in over-population."

FAMILY LIMITATION

Martus Hyman pointed out the limitation of families was a fact and "the sooner we abandon all hypocrisy in ignoring the fact the better."

Dr. Bruce Chown said sex in birth control no means for future human sin, but it would give for happier families and happier homes.

Five-Friend Plan Aids Unemployment

HOLLYWOOD, June 8.—The intensity that goes into the movie-making business is finding new expression in the idea for the relief of unemployment known as the "five-friend plan."

The plan, under which five men and women who have jobs join together to care for one who has not, is in full swing at the Fox studio. Efforts of all in the movement are entirely voluntary and, while stars and executives are contributing generously of money, the entire plan has entered into the spirit of the plan.

Waitresses in the studio restaurant are turning over their tips for one day each week to the general fund; many employees are hailing free rides to the studio and contributing their bus fares; cooked meats and pastries and foodstuffs are made up into baskets for needy families.

Bridge parties, golf tournaments, a baseball game, tennis matches and a big "hard times" dance are on the employers' program for the near future, all proceeds to go to the fund.

New Method For Potato Growing

RALFAX, N.S., June 8.—Visitors to Indian Harbor are receiving instructions on how to grow potatoes without the trouble of ploughing, weeding, hilling or fertilization. The soil down that way is rocky and barren. For many years the residents of the district found that nature did not help them much in the way of raising crops so they began to show nature a few things. And this is how they did it.

Planting seed potatoes on the ground, a reasonable distance apart, they covered them with sea grass to a depth of about a foot and spread a thin layer of earth over the grass to keep it in position. Last year one plot sixty feet long and twelve feet wide yielded 24 bushels of potatoes all large and so clean as if they had been washed.

The Bulgarian villagers attacked the Turkish minority residents, slaughtered the women, overpowered the Turkish male residents.

Continued Warm Weather Menu For Wednesday

Continued warm weather is forecast Wednesday morning by Edmonton's weather lady. The temperature at nine a.m. this bright morning was 61 degrees and, with the barometer continuing to rise and showing 27.85 inches of mercury, clear skies are indicated.

Tuesday's fair weather was broken by clouds which gathered shortly before noon, resulting in a light shower at 1:15 p.m. The sky cleared up about an hour after the rain and by four p.m. the day was bright again.

The highest temperature yesterday was 70 degrees, registered at two p.m., while the low point of the early morning today was 45 degrees, as at four a.m.

Lost 4 Days, Fire Fighter Is At Death Door

FORT WILLIAM, Ont., June 8.—Lost for four days in the woods without food or shelter, Sile Laitan, who has been fighting fire in the vicinity of Oregan Lake, is back again in his home in Fort William, having found his way by himself to one of the camps of the fire-fighting gang. Today he was brought to the city by plane and is confined to his bed after his narrow escape from death.

His body is a mass of fly-bites, since his shirt was ripped to tatters during his wanderings in the woods, and he is weak from lack of food, though he fortunately was never far from a supply of water. He blames his company for his getting lost, claiming that something deflected the needle and thus he was unable to get his direction from it.

KING GEORGE V UNVEILS SHAFT TO ALEXANDRA

Royal Family Present at Public Ceremony for Memorial

By THOMAS T. CHAMBERLAIN
Canadian Press Staff Writer

LONDON, June 8.—In the presence of the Queen, the Prince of Wales and most other members of the royal family, the King today unveiled the memorial to Queen Alexandra, erected by public subscription outside Marlborough house, where Alexandra as Princess of Wales spent her married life prior to the accession of Edward VII, and where she returned after his death.

The ceremony coincided with the annual Alexandra Rose Day instituted under the late Queen's auspices 25 years ago.

To the many generous subscribers throughout the empire I express my grateful thanks for this enduring memorial to my dear mother's memory, and for the liberal endorsement of the Queen's Institute for district nursing, whose welfare was so dear to Alexandra, said His Majesty.

"This noble memorial so happily symbolizes of those virtues which inspired my mother's life stands within the precincts of the beloved home where she spent many happy years."

The unveiling was accompanied by a short service conducted by the Archbishop of Canterbury. A guard of honor was provided by three regiments of which Alexandra was colonel-in-chief. She died in November, 1925.

Irish Free State Senate Continues Debate On Oath

DUBLIN, Irish Free State, June 8.—President Eamon De Valera, informed the Senate today that the Free State government had not changed its attitude towards the bill removing the oath to the Crown and saw no reason why the Senate should not continue to discuss the measure.

The president made his statement in reply to a suggestion that the Senate should adjourn in view of regulations now being carried on between the British and the Free State governments.

The president also said his government would not accept an amendment providing that the oath removal act should not come into force until an agreement had been reached between the two governments.

The Senate thereupon proceeded with the measure in its committee stage.

Now you can see the difference in Motor Oils

Ordinary oils are dark in color because of high carbon, gum and sludge content.

The New Marvelube is clean, clear, bright golden colored—you can see through it. It's all oil.

Once lubricating oil was a dark mystery. Now—in the New Marvelube—it is just clear, clean lubricant—100%

Once when you bought motor oil you had to buy carbon, gum and sludge-forming compounds along with it. Now you can buy—at no extra cost—a lubricant that is *all oil*—100% lubrication.

What is the difference between the New Marvelube and ordinary oils? In one word it is *purity*. Purity is the most important thing in an oil. A really pure oil, the New Marvelube, has all the properties for long life and full protection of all working parts. And it gives you unequalled freedom from carbon,

gum and other trouble-making deposits. A Super-Refining process developed and owned exclusively by Imperial Oil Limited makes the New Marvelube possible. It costs more to make the New Marvelube, of course. And it costs you less to use it. While it sells at the *regular price* it gives you better lubrication, keeps your motor fitter and takes all the punishment that the hardest working engine can give it, without losing any of its unequalled lubricating qualities.

Whether you change oil every 500 miles or every 2500 miles you will get better results with the New Marvelube. Most automobile manufacturers recommend changing oil every 500 miles because oil gets dirty in use and accumulates road grime and other injurious substances.

Appeal Court Upholds Indian Hunting Rights

PROVINCE ACT DOESN'T APPLY RULES JUDGE

Appeal of Stony Reserve Native is Upheld in Decision

CALGARY, June 8.—Indian have an unrestricted right to hunt for food on unoccupied lands regardless of the Alberta Game Act, the Alberta Court of Appeals ruled Tuesday.

Justice McGillivray, who handed down the court's decision, said this ruling in no way implied that the Provincial Game Act was ultra vires, but merely that it did not apply to Indian hunting for food on unoccupied government or other lands.

In its ruling the court supported the judgment of Magistrate G. E. Sanders, of Calgary, who acquitted William Wesley, a Stony Indian Reserve, on a charge of hunting game without a provincial hunting license and the use of dogs in tracking his game. The appeal court, however, over-ruled the magistrate's conviction of Wesley for shooting a deer with horns less than four inches long, contrary to the Game Act.

"In the result," Mr. Justice McGillivray said, "it held that in turning over to Alberta the public domain of the province the Dominion has sought and the province has given an assurance which has been confirmed by the Imperial Parliament that Indians hunting for food may kill all kinds of wild animals regardless of age or size, wherever they may be found on unoccupied crown or other lands which they may have access at all seasons of the year and that they may hunt with dogs or otherwise as they see fit, and that they need no license beyond the language of section 12 to entitle them to do so."

The appellant was granted cost of the appeal.

ROYAL CROWN SOAPS STAGING NOVEL CONTEST

Estimate Attendance at Calgary Stampede and Win a Prize

In this issue will be found an advertisement giving details of an interesting competition which is going to provide some fortunate people on the prairies with a nice addition to their holiday funds. The contest is arranged and sponsored by the Royal Crown Soap Ltd. with the object of retaining the goodwill of the public towards their products generally and in particular, just at this moment, to direct the interest of the housewives of Western Canada to the new Royal Crown Soap Powder which is now on the market in its striking new carton.

Royal Crown Soap Powder has been popular in the West for many years but recently the manufacturers have been devoting their attention to the improvement of this product and have succeeded in producing, at no increase in price to the consumer, a superior and much improved soap powder. Housewives will realize the unusual quality of the new Royal Crown Soap Powder as soon as they try it.

The competition is simple. Anyone may enter whether they buy Soap Powder or not, but all that is necessary is to send in an estimate of the number of people who will attend the Calgary Exhibition and Stampede this year. Estimates may be sent in on an ordinary postcard of a coupon taken from a package of Royal Crown Soap Powder. The prize money will be \$10,000 in cash. Read the advertisement for full details and send in your estimate today.

City Motorists Surely Impatient At Traffic Jams

EVANSTON, Ill., June 8.—No wonder city motorists are impatient. Dr. Julius McClinck of Harvard University, told a conference of police chiefs here it cost \$420 an hour to operate an automobile and that 75 per cent of the time spent in traffic was a "wasted" hour.

What with parking, stopping for lights and getting out of traffic jams, the city driver spent three minutes waiting for every minute he was travelling, said Dr. McClinck.

Visit Wife's Cellar Once Week For Wine

CHICAGO, June 8.—William F. Wright, by court order, may quaff from his 200 gallons of six-year-old wine just once a week.

The same wine figured in the Wright divorce suit last April when he obtained legal access to the cellar and his former wife was enjoined from taking the beverage whenever she went there for a glass of jelly.

Judge Joseph Sabath ruled then that, since under the prohibition law the wine could not go to Wright, Wright might go to the wine.

Wright complained to the same judge that the former Mrs. Wright had forbidden him entrance to the cellar and asked that he be cited for contempt for short. "He came early and stayed late," she explained.

The divorce decree was amended to read that Wright's visits to the cellar shall be from 10 a.m. to 2 p.m. Saturdays.

Italy's Envoy To Great Britain Dies

LONDON, June 8.—Antonio Chiaromonte-Bordone, Italian ambassador to Great Britain since 1929, died in a nursing home here today. He was 59 years old.

His death followed a heart attack last night which occurred as he was preparing to receive guests at a dinner at the hotel where he had been staying while the embassy was being reconstructed.

The dinner was cancelled and Signor Chiaromonte-Bordone was rushed to the hospital, accompanied by his wife. He did not regain consciousness, although physicians worked over him through the night.

Signora Chiaromonte-Bordone continued her vigil beside his bed until the end.

CHILE'S REBEL HEAD PROMISES SOUTH UTOPIA

New President Says Will be no Idle Men Inside of Month

SANTIAGO, Chile, June 8.—Persistent reports of internal dissension among the members of the Socialist Junta that has seized the Chilean government, were flatly denied today by Carlos Avila, the Junta's head, in an interview with the Associated Press.

He also denied widespread rumors that he threatened to resign from the government, and insisted there was no threat of a counter-revolutionary movement in the southern provinces.

Avila predicted that within a month there would not be a single man in Chile who would not have a job.

"We will create three state companies," he said, "one for agriculture, one industrial and one for mining."

"We will import on the fortunes of the rich and those who have incomes sufficient later to bring in the money we need for this purpose. They will help provide living and happiness for those people who have been red and kept down by the selfish money class."

Socialist Wave Enigling South

LA PAZ, Bolivia, June 8.—Possibility of a wave of Socialism spreading from South America from Panama Canal was foreseen as a result of the recent seizure of power in an editorial today in Ultima Hora, leading afternoon newspaper here.

The editorial said the capitalist system has "demonstrated its incapacity to solve the problems of the present."

"But more than that," it continued, "the system lacks the vision to examine the new face of the world."

"It will not be long—this is the general opinion that truly will come—when the Latin American people will experience a revolutionary movement of the masses, as Chile has just undergone. And this will extend to Bolivia and the other countries of Latin America."

Knox College To Make New Shift In Principalship

LONDON, Ont., June 8.—Principal Thomas Eakin of Knox College, Toronto, will be demoted and Prof. E. Lloyd Harris, retired, will be promoted to the post of principal of the Presbyterian College in Canada. The vote was 128 to 10.

Dr. Eakin, who has been head of the college since 1929, will retain the chair of New Testament, while the shift to be made at the end of August.

Prof. Harris will enter his relations with the college at the same time.

Open Water Seen In Hudson Bay

CHURCHILL, Man., June 8.—It is expected the ice will begin to move about June 11, and open waters of Hudson Bay may now be seen from the shore. At present there is about six feet of ice in the harbor, extending about three miles into the bay. There is no snow or ice at Churchill and very little on the shores.

prayer book measure was probably the finest effort of his career and was considered largely responsible for the rejection of the revised book by the house of commons. Upon the subject of church discipline and discipline he wrote as effectively as he spoke.

"Jim" was pugnasist of manner on the platform and house of commons in the commons, but had a keen sense of humor. His sense of humor was not merely successful. His efforts to bring a measure of church discipline to the commons, in the commons, were widely approved.

William Joynton-Hicks was born June 25, 1860, son of Henry Hicks of Plaster, Kent. He was first a collector but on his marriage in 1880 to Grace Lynn Joynton, who survives with two sons and a daughter, a handsome legacy caused him to hibernate his name and forsake the study of history and conveyances.

CONTESTED ELECTIONS
He contested a trio of elections before entering the House of Commons as Conservative member for North-West Manchester in 1906. He was elected in none other than the Winston Churchill in that election, and in the Baldwin cabinet of 1924.

He was elected to the commons in 1911 and remained in the commons until his election to the commons in 1924. He represented Bradford until 1914, and from then on Twickenham.

Lord Balfour's first government was a Conservative one. He was in the commons in 1924. He was in the commons in 1924. He was in the commons in 1924.

Lord Balfour became a front rank cabinet minister following the success of the Conservative party in the 1924 elections. He was in the commons in 1924. He was in the commons in 1924. He was in the commons in 1924.

The sharpest blade ever made

now replaces the #2 Kroman blade at 1/2 the price

HERE is a real super-value in this day of sensational low prices. Gillette now offers the Blue Super-Blade—the sharpest blade we have ever manufactured—at half the price of the famous #2 Kroman DeLuxe Blade.* The Blue Super-Blade gives you shaving comfort impossible to describe. It is made in addition to and costs but a few cents more than the regular blade.

Made of blue steel with rustless finish—Blue Super-Blade is the product of a modern manufacturing method recently developed. It requires extra finishing operations and special

tempering that assure a degree of perfection never before attained in razor blade production. The Blue Super-Blade is a distinctly special product made for men who demand super-quality. It is different in performance as it is in appearance. Blue in color and contained in a blue package, Cellophane wrapped, it is most easy to identify.

Try the Blue Super-Blade. Know what it means to shave with the sharpest blade we have ever produced. Buy a package tonight and enjoy a new thrill tomorrow morning.

*The Kroman's #2 price prevented the use of this excellent blade by thousands who appreciate extra quality. Development of a new and less expensive process now enables us to offer an even superior blade—the Blue Super-Blade—at half the price. Now everyone can enjoy super shaving performance.

Chicago Police Seek Man With Very Dirty Shirt

CHICAGO, June 8.—Somewhere in Chicago there is a fellow with a very dirty shirt.

Don and Sam Pang, Chinese laundrymen, said the man had the slip in his hand when he came to the front door of their laundry late at night and demanded admittance. "No washee midnight," one of the Pangs told him, "the door is closed."

The man with the dirty shirt appeared from the front but he appeared at the rear. This time had a hatchet.

The Pangs savvied sufficient to run out the front door after a policeman. He returned to the laundromat with them, but the man had gone.

TRUE LOVE: IS IT REAL THING?

GLEN PITCHES ROYALS TO FIRST TRIP

KATS FANS - BILL LEWIS

Boys Wilbur L. King-Webb, if you want to be familiar—with in high spirits last night as he received of Diamond Park with his Royals, who had just secured their first win of their three starts this baseball season. The ball fellow was pleased mightily with his hand of ball players and with the pitching of Glen, who gave us just three hits in getting back the Young Liberals.

LIBERALS ARE DEFEATED 6-3 IN GOOD GAME

Three-run Scoring Rally in Seventh Ends Game

By Bill Lewis

A sparkling pitching performance by Barney Glen, backed up by batting lead hits by Fred Myers, Green View Nance Royals to their fourth victory of the season at Diamond Park last night when they defeated the Young Liberals by a score of 6-3.

Glen attacked the Pitch-hitter with a new type of water-splashed delivery as he "tossed" his brilliant and masterful and his team came through with a third-inning scoring rally to break a scoreless tie.

IS NEVER IN TROUBLE

The short and sturdy right-hander, who made his debut before the Royals' first game of the year as a relief pitcher, was in command throughout the contest and he never seemed to be in trouble.

He had a new pitcher on his hand, in the form of Fred Myers, a full-blooded Yankee. The chief is a long, slim, young man who wears the ball from his post hole and has a good arm. I hear he is in Central Alberta.

If he is anything like as dangerous as the critics think he is, he takes his name, Rattle-snake, old boy, should be hard to beat.

Bobby Crutcher, King's second baseman, who was perfect at the trip of the batting average in the first two games, was not so good in his third start, being hit for four runs by the Royals. He was hit for four runs by the Royals. He was hit for four runs by the Royals.

Incidentally, Bud Williamson, first baseman, celebrated a birthday by cracking out a pair of singles in four trips to the plate last evening.

Frank Drayton, pitcher of the Royals, was not so good in his third start, being hit for four runs by the Royals. He was hit for four runs by the Royals.

It's a tough proposition trying to finish in front if your battery can't get base hits more often than three times in a game. I shouldn't be surprised to see a little shaking up in the batting order.

Manager Drayton, by the way, was making his debut as a manager last night when he took the Royals to the field.

His name of my article, of course, but all the managers know the story and there should be no surprise at any stage when they argue me on.

Star Local Prospect For Trials

BEATS FIELD OF SPRINTERS TO WIN RACE

Good Racing Conditions Now Favor Calgary Meeting

CALGARY, June 8.—Tuesday's feature race at Chinook Park, brought out eight performers, making considerable sprinting ability. The race was a dash of five furlongs, and with the improved track conditions over previous days the event was an interesting one.

Don Pepper, from the Western Branch stables, was making his first start on a local track but in his good performances at the stables, traces the public installed the track. The veteran sprinter, however, made all the running to win by a length and a quarter from the victor, the champion. The last-minute is perhaps the best of the event, developing in a year's time, the best of the sprinters.

MIGHTY CUP WINNER

The Western Branch outfit followed up their win with another victory when they won the Mighty Cup, a 200-yard race, by a margin of a length and a quarter.

Harry Pettit, Verulam, who had been a head in the second round, was a surprise second with Chudron third. The winner was ten to one in the betting.

Star beat on long enough in the third to make out Ray Stenhouse, who was a head in the second round, but after getting away, Stenhouse had difficulty in finding the finish line.
